

BÅRELEGS

ISLAY SINGLE MALT SCOTCH WHISKY

Bårelegs Islay Single Malt Scotch Whisky is a Single Malt from one of Islay's most well-known distilleries, which must remain a secret! Our home island, Islay, with currently 8 distilleries in production, is famous for producing peated, smoky whisky, and ours has a refreshing sweet peatiness, balanced by a crisp finish. It is bottled at a higher strength of 46% vol. and like the very best Scotch whiskies, it is unchillfiltered for much greater mouthfeel and persistence.

Silver award winner at the IWSC 2018, bottled in small batches in a high-quality bottle with a cork enclosure, it is aimed at a more discerning customer.

Colour: pale gold

Nose: waves of peat, over embers, with sea breeze hints

Taste: fresh direct peatiness, with a touch of sweetness, balanced by crisp cereal notes. A long finish, with persistent peat smoke, leaving a clean palate.
